

COURT STATEMENT TO BE READ IN COURT AT DEC. 1, 2016 HEARING- GAWKER
BANKRUPTCY HEARING SOUTHERN DISTRICT NEW YORK

Gawker Media was hired to sabotage the multi-billion dollar profit pool for a global vehicle manufacturer, an international award-winning energy company and others, who competed with Gawker's "handlers". Our team was awarded White House and Congressional commendations and funding to "*help create American jobs and energy independence*", but that conflicted with the schemes and scams of Gawker and its corrupt "handlers".

These "handlers" paid Gawker in cash, stock, search engine rigging, troll/botnet and meat puppet mills, intellectual property, internet routing, revolving door jobs, advertising accounts and other items of value. The unjust rewards asset values of the overall interests of items transferred to and from Gawker exceed \$1 billion and those funds were transferred between states, making this an FBI and Congressional investigation jurisdiction matter.

The "handlers" were Gawker's clients who illicitly retained Gawker to produce multiple hit job videos and hatchet job articles in order to damage others. These same Gawker clients took the funds away from those who were attacked, including us, put those funds in their own bank accounts, and made billions of additional dollars from those scams by exploiting their competing efforts.

The many irrefutable evidence items of this occurrence include the fact that out of 22 million publications in the world, 1.) ONLY Gawker Media was the one to undertake these attacks, 2.) for these people, 3.) against these targets 4.) as retribution following specific federal testimony. Other proof is provided by the voluminous federal investigation documents (ie: see <http://xyzcase.xyz> or <http://communityone.info> for a tiny example of the evidence materials) including the attackers and their sponsor's own financial records published in financial disclosures.

We have assembled a large number of law enforcement, forensic research, media and citizen reporter experts who have built case files on every criminal suspect in this case and we will not rest until restitution and justice are achieved. This matter will not be resolved until we receive our restitution! It will haunt those who do not resolve this, forever! It will track back to Univision, each Gawker employee, each Gawker investor, each Gawker "Client/Handler", and each Gawker banker. Resolve this with us now, to our satisfaction, or suffer the 100% legal consequences of the FBI-raided Solyndra-like downfalls. Gawker and its partners tried to "kill" us, failed, and now must face the consequences for their attempted political and financial manipulations.

Using 100% legal means of law enforcement and transparency, we will continue to forensically hunt down those who maliciously, and in a coordinated manner, destroyed our lives, futures, brands and incomes because of the criminal corruption and vindictive vendettas they engaged in for profiteering, greed and the mercenary manipulation of public resources.

One of the key scams that Gawker was running retribution propaganda and hit-job efforts for was Silicon Valley's Elon Musk scam to take over a TRILLION DOLLAR AFGHAN LITHIUM MINING SCAM:

Solyndra was staged to exploit indium and other related minerals from the same mining deal. Alas, the Afghan War failed, costing U.S. taxpayers (According to multiple news reports) over six trillion dollars, the Republicans found out about the "Cleantech Scam" and dissected it, almost all of the Cartel's pool of exploitation companies went out of business, the Russian portions went into cold war mode with their U.S. counter-parts and leaks from Dept. of Energy staff broke the cover-up. Senior Federal employees participated in, coordinated and benefitted from the crime.

How many Afghan farmers, soldiers and workers had to die to buy John Doerr his new mansion?

Why did federal employees get the profits from helping do this crime?
